Welcome Back!

Dear Parents and Carers,
This year is flying by! There is just over one month to go before we break up for the Summer holidays and there are so many lovely things planned for our children! We have welcomed Mrs Annesley and Miss Savage back to Nursery and we look forward to a fun and learning-filled half term!

Many thanks,
Mrs Beth Brice, Headteacher

Summer Fair

A huge thank you for all your support with the Summer Fair. It was a great day – even though the sun did not shine for us! We raised over £1000!

We are very lucky to have such generous families and a caring community. Thank you!

Diary Dates:

Tuesday 16th June, 4pm – ‘Tropic and Topics: Tricky Transitions’ Parent Information Session

Friday 19th June, 9.30am – Potty Training Workshop

Week beginning 22nd June – Family Planting Week

Monday 6th July – Graduation Ceremony 4pm

Tuesday 7th July – Graduation Ceremony 4pm

Thursday 16th July – Children break up for the Summer Holidays (normal time)

Friday 17th July – INSET DAY –Closed

Graduations

Please sign up to a Graduation ceremony using the posters in the porch. These are lovely ceremonies celebrating your child’s time at Crossens Nursery and our special opportunity to wish them every happiness as they move on to their new schools!

Tropic and Topics: Tricky Transitions – Parent Information Session, Tuesday 16th June at 4pm

For some children, this will be their last half-term at Crossens Nursery School. Many Reception teachers have already visited the Nursery, talking to the children and building relationships to help support a smooth transition from Nursery to School. We will be doing lots of work around emotions to help children with any worries and to get them feeling excited to start Reception.

Come along to our ‘Tropic and Topics’ session for Parents and Carers on Tuesday 16th June at 4pm. Miss White will guide you through coping with ‘Tricky Transitions’ to help you to feel prepared for the next step in your child’s educational journey. This will be held in partnership with Tropic Skincare with a focus on promoting the well-being of our Parents and Carers too!

Please contact the school office if you would like to attend the session.

Sefton Family Life Toolkit

We are very excited to share with you this new App developed by Sefton. It covers everything from health to education, including links to 'What's on' for families in our area. Please use the QR code to download the app and use it as a 'one stop shop' for your child's needs.

Potty Training Workshop

Are you thinking about starting the toilet training journey with your child this Summer?

Come along to our session led by Mrs Brice and Mrs Copeland at 9.30am on Friday 19th June.

We will talk you through top tips for successful Potty Training and guide you through potential tricky moments that may arise. Please contact the school office if you would like to attend our friendly and useful session!

Family Planting Week

Starting from Monday 22nd June, Mrs Postlethwaite will be organising some planting activities for children and their parents during our morning drop-off session. Resources will be set up in the Conservatory for families to plant seeds which have kindly been donated by Sefton.

Eco Tip of the Month

Try some planting at home with your child! This is a great opportunity to teach children about living things and also links with helping our children to learn about caring for our environment, as part of our Social Signature initiatives. Send us your photographs of what you are growing!

Purple Room

The sunshine has brought a burst of growth across nature! It is the perfect time to spark curiosity about wildlife and the natural world. We will be engaging in sensory-rich, hands-on activities that focus on close observations of our environment in the garden. At its core, Eric Carle's 'The Very Hungry Caterpillar' is our base to explore growth, changes, choices and the importance of healthy habits.

Big Room

We are continuing to learn about our senses: sight, sound, taste, smell and touch. Through using our senses, we are exploring our natural world. We will be taking the time to stop and notice - using these moments to recognise the positive impact this has on supporting our well-being, regulation, focus and attention.

New Schools

Please share any booklets or information that your child's next school provides as they prepare to start Reception. We will use this to help get your child ready for their new schools, teachers and routines, creating excitement and building feelings of security for your children. We can photocopy this and return original copies to you, if needed.

If your child has a transition visit to their new Primary School during nursery hours, please email the office with the details.
